Quality Improvement Plan Addressing Findings Requiring Action or Recommendations for Quality Enhancement
2009

Quality Improvement Plans must be developed to make the changes needed as identified in "Areas in Need of Improvement" section of the Final Report. Additionally recommendations for quality enhancement may be addressed with quality improvement plans.

Areas in Need of Improvement (Items identified in "Areas in Need of Improvement" section of the Final Report)	Objectives(s) (Goal(s) that will be met through follow through on Quality Improvement Plan(s))	Actions (Specific steps that will be taken in order to address the findings requiring action)	Responsible Person(s) (individuals responsible for initiating and coordinating or implementing the Quality Improvement Plan(s))	Timeline (Estimated time of completion, evidenced by achieving of the identified objectives)
